

REZWIDGET

OVERVIEW

The RezWidget attracts and retains premium job seekers on your site.

- Provide a method used by *top recruiters* to give their candidates a **competitive advantage**
- Find resumes other job seekers used to **land an interview**
- **Improve your resume** by comparing your *previous* work experience to the job you're *currently* seeking

DESCRIPTION

The RezWidget will improve any resume with three easy steps

1. Type in desired job titles and/or company names, and **results will appear instantly**
2. Click "**Use this**" to automatically populate your resume with the appropriate text
3. *Recent Searches* appear on the front of the widget to **personalize the experience**

This portable JavaScript widget can be further customized or white labeled for your site. To request a quote, contact gerrit@rezredo.com.

BENEFITS

Founded in 2008, RezRedo has collected the world's most thorough database of job experiences and packaged them exclusively for job hunters. Turbocharge your site with the power of RezRedo by adding our RezWidget.

- Simplify the job hunt process
- Set your site apart from competitors
- Provide a value added service for your best customers

We look forward to working with you. Contact gerrit@rezredo.com today for more information.

Sincerely, Gerrit Hall | CEO
